Gayathiri Sukumar is a qualified CPA and CIMA professional with over 10 years of experience in public practice and currently works as a Manager in Business Services. She specialises in providing taxation, accounting and business advisory services to individuals, companies, trusts and partnerships. Gayathiri believes that a balanced life leads to better outcomes both personally and professionally. Her involvement in the community and enjoyment of cultural activities help her stay connected, approachable, and committed to building meaningful relationships with clients and colleagues.

Gayathiri works closely with clients to help them navigate complex tax and business matters, meet their compliance obligations, and make informed financial decisions. She is passionate about building long-term relationships and providing practical, tailored advice that supports her clients' financial wellbeing and business success.
